September 19th, 1942 - July 1st, 2021

I have fought a good fight, I have finished my course, I  
have kept the faith.

2 Timothy 4:7

Toti Masih Patrick was born on September 19th, 1942 in Amroha, Moradabad, India to his parents Ganga Ram and Hanswati Ram, and was the third eldest of four siblings. As a small child, he witnessed God's miracles in his life and grew up to become a man of great faith.

He dedicated his early life to doing Mission work and he spent the entirety of his life upholding the principles of the Seventh-day Adventist Church.

As a young man, he studied in Roorkee High School and then attended Spicer College before starting his Mission work in 1959. In 1960, he married Usha Renuka Massey and they went on to have five children: Purnima, Madhu, Kamini, Sanjay, and Sunish.

His family meant everything to him and they were with him until the end. On the morning of Thursday July 1st, 2021, he passed away peacefully surrounded by his children.

I have had just one complete day with uncle while travelling from Delhi to Moradabad back in 2007. Even though I may not have spent time with him but over half my life I have known his son (Sunish). The values and traits instilled in his son confirms what he was. I thank him for his life and his children whom I am so closely associated with.

My earliest recollection of Mr. T M Patrick was when he came to Hapur Elementary School. We were in the boarding school together for sometime and then moved on to other institutions later in life. Then again had the privilege of working together in Upper Ganges Section and Northern Union. He was very hard working and down to earth person, friendly and caring to the needs of co-workers. Our deepest sympathies to Usha Patrick and her children. May God give them His peace and comfort.

Our fond memories of Mr. Patrick goes back to the time we spent in Upper Ganges Section, Hapur, UP, when Mr. Patrick was the Section secretary and my husband Nirmal Nowrangi was the treasurer. We lived together in a duplex on the campus. We were very close to the family and had wonderful time together. Our condolences to his dear wife and children, he will be greatly missed by us all.

My earliest memory of Uncle Patrick was when he remarked to my father (who later told me about it), that whenever he saw Gordie (me), he felt like laughing/smiling. I liked him ever after.

I remember T. M. Patrick from when he was a student at Roorkee High School when my father was the principal. He was one of my father's "U.P. boys!" I was a child, but I realize now he was just five years older than me. I did not follow his career, so I appreciated reading his life sketch and to read of his significant contributions to the progress of the church in India. May his family be comforted in the "blessed hope."

Though I knew some of his kids, I didn't know Uncle Patrick till we moved to Hosur and it wasn't till a couple decades later did I discover he graduated with my father—that came to light when I finally paid attention to the photograph of the graduating class hanging in my father's study. My strongest memory of Uncle Patrick was his smile. That smile made a difference. They say the life one lives impacts the people around you...in this instance it is positively true...and just with a smile, a kind word, a pat on the shoulder. I was saddened by the news. My father mourns another member of his graduating class. We hold the family in our prayers and with our love. May the faith of your father keep you true so you may see his smile once again.

My heartfelt condolences to The Patrick family. Whenever I met uncle in church he was always pleasant he would take time to talk. I enjoyed his delicious food during potluck, more than the food I was very impressed about the dish it used to be sparkling clean. We Indians know how difficult it is. Uncle, will be missed, uncle was always well dressed and had such a calming disposition. We all have a blessed hope of meeting uncle, Our Lord has promised, " BECAUSE I LIVE, YE ALSO SHALL LIVE". With heart felt sympathy. Grace Matharu.
