Hey Girl, Been a long time , I was waiting for you to get better, so we could see each other, but your body told you different. But now no more pain. We had some good times together, and I thank you again for Phil, but his body told him different too. But I had him for a little while. You both were hard headed, but I loved both of you. God bless you and your family. Will be thinking of you always !!! Dottie

Dear Sister Susie, I will always remember and cherish the memories of growing up with you in our large family. We all had a lot of fun growing up in College Park. No dull moments in a house with ten kids! I can remember it being very tough and sometimes funny for you because you had to put up with all those older brothers meddling in your business (keeping an eye out for who you might want to go out with) I remember the stories of how some guys would steer clear because of all those crazy (protective) brothers. I am glad you are at rest and not suffering anymore. Be at peace with Mom, Dad, Steve, Bobby, and Maggie. Love you, Mike, Debbie, Tony, and Danny

Sue was a tough lady who always put everyone's interests ahead of her own. I know she loved her family deeply, and they inspired her to fight through her health challenges over the years. I only wish Sue could have witnessed another Redskins championship before her passing. God bless Sue and comfort her loving family.
