On behalf of myself and the many other kids he went to school with at State Street Elementary School and Ambridge Area High School, I would like to express my sincere condolences. He was a kind and shy kid who sat behind me often in school. We often talked and were pretty silly sometimes even though he was a quiet guy. Many of his other home town classmates thought very highly of him. So sorry to hear of his passing

Ray was a good co-worker and a good person. He was one of the first friends that I made at work. Ray was soft-spoken but when he shared his opinion about something, he was one of the sharpest and funniest guys around. And I'll never forget the time he tried out my new electric guitar and amp ON THE FACTORY FLOOR! I may never have learned to play "Crazy Train" but it wasn't for lack of Ray patiently trying to teach me. His passing is a great loss for his family and his friends.

Ray was one truly one of the most patient and giving persons I have ever met. We worked together for over 15 years and those of us that worked with him are all saddened by his loss but are better people for knowing Ray, his personality, infectious laugh and great smile will be long remembered.

We have worked together for more than 10 years. Ray is the most dedicated and nicest co-worker that I have ever known. I will always remember the Charlie Brown Christmas Tree in his office and the big snowman hanging at his door during this season. He will be missed. My prayers goes out to you and your family.

I have known Ray since I joined PCTEL 16 years ago, although we were half a globe away and not working in the same office, he was the one I always counted on. He was always kind, positive and supportive. Ray was one of the reasons why I enjoy working in PCTEL, I am so blessed to meet him in my life and I will always miss him. My deepest condolences to his family and friends.
