Louise was like the grandmother we lost we will miss her so much but I no she is where she wants to be. When i walk in Norma's house her daughter who is like a sister to me I will see two empty chairs at the table we all sat at hers and my husband who passed Donnie who she is with now he thought the world of her and Norma Grandma and him was always sitting there laughing about something. I will miss all the times I sit with her when Norma had to run all her errands the stories she could tell even if you felt down you didn't when you left her She was one of the sweetest people you would have ever meet and a we will miss her deeply my heart goes out to Norma who is left behind i no they thought the world of one another and she will miss her so much if you didn't get to met her in her 100 years you missed out on one great lady I love you Louise and will miss you I no you gave Donnie a hug for me and Kelly and Mark god bless you and your daughter god has his hands full right now miss you and love you Edna
