To Patty and family my prayers and love for you. Now- My dear Karen, We met three years ago, when you moved to Frederick and needed a caregiver, and my friendship and care became a loving friendship. you told me a few times you loved me like a sister, and I know it was true when you began to argue with me, like sisters do. But I also knew that you loved Tom Selleck more. So now you are in heaven, and hope you are smiling, you have become a real Angel to me. Your care giver and friend. Carmen.

She was a very special lady and my friend. We often talked late into the night. We both shared the same warped point of view. I will miss you my friend. Love you and tell my family that has gone before me " I love them with all my heart." See you on the flip side.
