Heaven took another angel yesterday. I loved you like a grandfather you were with my grandmother since I was little. I will always cherish the memories I've had with you since I was little until now. I'm thankful that you did get to see our baby girl Sarah when she was little and as she grows up I will see to it that she knows who you were to me and her family. I love you!!

I am so sad to hear this. I worked with Woody at Rotorex for 17 years and became close to Woody and Mary. After leaving Rotorex I often thought about them and wanted to go visit but it's been such a long time since I did that. We had a lot of good memories working together over the years. He could always make me laugh! You will be missed by many friends and coworkers but especially by your family and Mary who loved you so very very much. Rest In Peace my friend.
