To the Harrison Family I got the opportunity to know Flo from working with her. Lori, Flo and myself would get together at Bob Evans for breakfast. We all would have laughter and serious conversations. I am truly blessed to have known such a beautiful woman. I will keep your family in prayer.

i was very sad to learn of Flo's passing. We shared a lot of great memories through our school years. i remember us going to our first country concert together with her sister to see Conway Twitty, we wore our matching shirts & we freaked out when he spoke to us after we found my lost earring. I still have the telescopes from that fun week in Ocean City with her parents. The countless days of spend overs & chilln' but most importantly I'll always remember the girl whose smile lit up the room, that contagious laugh especially when we got in trouble and the friend she was to me. Love you Always.
