To the family, I am sorry for your loss and I have a memory to share. Please forgive any inaccuracies. This was around 1975, 76 or 77. I had had an accident on my horse and ended up with a punctured lung. At first I was in the ICU. When I left the ICU I met my nurse, Mrs. Bean. (It is also possible she was my nurse in the ICU.) I had gotten attached to her and didn't want to leave the hospital. She was so special that she agreed to see me after I left the hospital. Now this part of the memory is a little vague. As I recall she invited me to go to the movies with her and her two boys (possibly twins). We did go to the movies and I think that act of kindness helped me to get on with my life. I apologize if my memory is inaccurate. I related back as I best remembered. My prayers are with you all. I remember her as a very special lady.
