Ms. Sandy Lee Berman

JAN 23, 1954 - JAN 20, 2025

Sandy Berman was born in Pomona, CA 1/23/54, and she passed away peacefully in her home on 1/20/2025 surrounded by her loved ones. She was known for her love of dalmatians, baking, eating chocolate chip cookie dough and making cookies. She was also regarded as the neighborhood Mom, taking in strays of both people and pets. She worked for the State of MD, and at the FDA, CDRH Dept.

She leaves behind her four beloved children: Stephanie Waldron (Ben), Lauren Cissell (Zack), Jeffery and Jonathan Waldron, her husband Roger Jones; six grandchildren, Olivia, Logan, Holly, Harper, William, and Charles; two sisters, Hazel Berman from California, Gail Berman/David of Connecticut; and a nephew, Joshua Fogel. She also leaves her beloved friend/sister Karen Moss and Denni Hooper, more affectionately known as the Golden Girls. Her pets Mozart and Taz will also miss her dearly.

We would like to invite friends and family to join us March 28th, 2025, at 11:00am at Resthaven Funeral Home for the celebration of a wonderful life.

In lieu of flowers, donations can be made to a Dalmation Rescue.

I am deeply saddened to hear Sandy Berman is no longer with us. She was a true friend. She was so accepting of so many different people (especially me). Sandy was a happy person. Her life had its share of hardships (as all of us have) but she always gave her best and looked for better outcomes. In this world you will have trouble, but the Lord said, "Be of good cheer, for I have overcome the world." Many times I would say to Sandy, "you look everywhere but up!" I learned many wonderful lessons of life from my dear friend Sandy Berman, I will never forget her, and maybe when at last she was on her bed, she looked up to receive our Lord and Savior, Yeshua HaMachiah. I pray blessings and favor to all of Sandy's family and friends ❤️🙏☀️🌈
📖Amen and Amen

Sharon Davis lit a candle in honor of Sandy.

My deepest sympathies go out to your family. Wishing you grace and healing. Sharon M Davis Co-worker at FDA
