Solano, Edward Anthony

SEP 13, 1937 - MAR 10, 2025

Edward Anthony Solano died peacefully on March 10, 2025 surrounded by his family. Born in Colombia, he came to the United States in his twenties with the hopes of practicing medicine. Mid-way through his surgical residency in Washington, DC he was drafted into the US Army. In Vietnam, he was stationed at Saigon Hospital where he fought to save the lives of his fellow brothers and sisters in arms. Holding the rank of Major, he was awarded the Bronze Star for his efforts. Returning to the United States, he completed his residency and started practicing General Surgery in Frederick, Maryland. Over the next 30+ years, his dream of practicing medicine was fulfilled. A gifted surgeon, he eased the pain of the suffering. However, he never took credit for his work. Instead, he believed he was just an instrument of God's love for humanity. During this time, he also served as Chief of Surgery at Frederick Memorial Hospital.

Privately, he was a devoted husband and father to his six children. Always behind a camera, he joyously captured the beautiful life he and his wife created. He was a mentor, a counselor, and a father-figure to many. His passion for Christ spilled over into the lives of many in Frederick. He will be greatly missed.

Ed is survived by his wife, Sharon (nee McConaty) and their six children, Michelle Whitman (Bob), Monique Witz (Tommy), David Solano (Beth), Scott Solano (Christy), Chris Solano (Phie) and Laura Solano. He is lovingly remembered by his thirteen grandchildren, his great-granddaughter, his sister and his many nieces, nephews and cousins across the world.

His family would be honored to host any who knew him or were touched by his life at his Celebration of Life Ceremony on March 29, 2025 at Resthaven Funeral Home in Frederick, MD from 10 to 2pm. Visitation is from 10am to 11pm. The service is from 11am to 12pm, followed by a reception from 12pm to 2pm.

Ed and Sharon and their beautiful family lived across the street from us in Clover Hill. They were wonderful neighbors, and our two daughters Jane and Lisa were close to their children, growing up together, sharing our driveway basketball hoop, climbing trees, adventuring at the nearby park and pool, birthday celebrations and joyful moments too with their wonderful dog Muffy. They were all very devoted to their church community and activities always, and all have loving, giving spirits and strong family values. Ed and Sharon were such good parents! Ed was a GOOD man; he will be missed and remembered affectionately by a great many friends and colleagues. Fondly, Nancy and Ron Pace 🥰

Dr Solano is an incredible man who made a generational impact on the lives of service members, cancer patients, family, friends and the country he loved. He raised a family of 6, married an amazing woman he adored, ran his medical practice and seemingly never broke a sweat. Never heard him make excuses, he was humble and always sporting a smile. I remember all the cool things he did- drove a Maxima with a 6 speed(Chris thought it went 185mph bc of the speedometer), had the first flight simulator on a PC in the early 90's, flew RC planes, had boats, and the earliest video cameras. He was an early adopter, and his recordings are cherished memories for his family.Dr. Solano's greatest gift is making whoever he is speaking with, in that moment, feel important- like you were his favorite. Actually, our group of friends still argues about which of us is his favorite(it's me), and we genuinely care about what he thought. Reflecting on my respect for him from the perspective of a parent, I hope to have the same level of respect from my kids. Dude was a Boss.Maybe it was his accent or choice of words, but I will never forget his awesome voice. He had some classics- like using "honey" super fast after his kid's name and at the end of a sentence: "Christopher, honey, put down the weapon, honey." The time he told us "do not try to escape" when all of us were supposed to be asleep in the basement was priceless. He would talk about the Bible for hours and managed to made it sound interesting.Despite having 6 kids who became adults any parent would be thrilled to have - and society will benefit from, he found time for everyone. He attended my graduation party, wedding, and called when my daughter was born. An amazing man and amazing life. I feel very lucky to know him and call him my friend. Love you Dr
